

**Re: Leamore Construction Co. Ltd.**

**To Whom It May Concern**

We were the Architects retained by Laois County Council for the Design and Supervision of 11 No. affordable houses complete with associated site works at Durrow, Co. Laois. This project was constructed by Leamore Construction Co. Ltd. This project was completed on programme, on budget and to a good standard of finish.

We are currently the Architects retained for the Design and Supervision of 40 No. houses for Cluid Housing Association at Clonmalire, Portarlinton. The Main Contractors for this project again are Leamore Construction Co. Ltd. The project is currently 60% complete. It is on programme, on budget and being constructed to a high standard.

Overall we find Leamore Construction Co. Ltd. very committed, cooperative, programme conscious and flexible to deal with.

We will definitely be considering Leamore Construction Co. Ltd. for our Tender lists on future projects.

Yours sincerely
