## To Whom It May Concern:

### **C842/100 Kilbeggan Racecourse Enclosure Developments – Leamore Construction Co. Ltd.**

As designers of the recently completed Enclosure Developments at Kilbeggan Racecourse, we confirm that **Leamore Construction Ltd**, Birr, Co. Offaly were the contractors on the project.

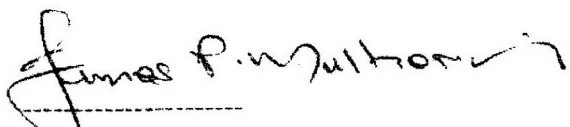

The project involved a 500m<sup>2</sup> new Jockeys Changing /Weighroom/Administration Building, a new 18 Bay Saddling Stalls with Vets Room and Box, a new 40m<sup>2</sup> Toilet Block, a new Parade Ring, two new Track Crossings and all associated drainage, water supply, services and landscaping. The main building is designed to take an additional storey. The project had a total value of c €1.55m excluding VAT.

Leamore delivered the project successfully on a very tight programme (5months), on budget and to a high standard. They did this despite adverse weather conditions during the first three months.

Leamore displayed remarkable flexibility, cooperation, positivity and commitment throughout the project and we found them excellent to work with.

We would have no hesitation in recommending them for further work.

If any further information is required please feel free to contact the undersigned.
